Reflecting on the Virgin's 'fiat', it is possible to hear, in adoring silence, the 'yes' full of love of God and men, the 'amen' of the eternal Son, that opened to every man the way to salvation. There, in the reciprocal self-giving of Christ and Mary, are the hinges of every 'holy door'. There, where God was made man, humanity found again its dignity and highest vocation. Pope John Paul II -- March 25, 2000
